--------------------------	--------------

Note 1 - Unless specified differently in this document, all fees and charges include Goods and Services Tax (GST).

Note 2 - Where a set charge or fee is inadequate to recover the cost of the service or is not otherwise specified, a charge may be made to recover the actual and reasonable cost of the service.

Hazardous waste items can only be accepted at Taumarunui and/or Waimarino Transfer Stations.

- Residential hazardous waste - volumes of less than five litres per adult per year per type specified in the above table.
- Commercial hazardous waste - is not accepted at any transfer station or the landfill. Council is prepared to facilitate disposal of hazardous waste by facilitating discussion between the disposer and Council's contractor, or by providing a contact list of reputable disposal companies.
- Explosive material is not accepted at any transfer station. Such materials include gunpowder in any form, gelignite, TNT, any plastic explosive and any commercial explosive, as well as gas cylinders or fuel containers that still contain combustibles.

Special/Difficult Waste

Special/Difficult Waste is waste containing offensive odour, excessive dust, or is easily windblown, attractive to vermin or has health implications. It may, with the approval of authorised Council staff, be accepted at the District landfill in Taumarunui only, and requires prior arrangement before it can be deposited or disposed of, as per the waste acceptance criteria. For clarification, contact the Team Leader Environment or Environment Operations Officer (telephone (07) 895 8188).

\$90/m³

Recyclable Waste

Recyclables are only accepted for free if presented in the appropriate manner. Attendants have the right to refuse the items and apply the waste rate if they do not meet the prescribed method of presentation.

Recyclables not presented correctly attract a waste charge

\$30/m³

The following conditions must be met before material is acceptable as recyclable.

Car Bodies

Can be deposited at a designated transfer station, providing:

Free

- They are drained of fluids, ie, oil, petrol and radiator liquids.
- The batteries have been removed.
- The CNG/LPG cylinders have been removed.
- The tyres have been removed.
- They contain no refuse.

Wire

Can be deposited at a designated transfer station, providing:

Free

- It contains no battens or other wood.
- It is coiled and secured.

Scrap Steel

Can be deposited at transfer stations providing it is sorted into light and heavy gauge steel. Small scrap steel such as nuts, bolts, etc, can be deposited at transfer stations in 240 litre steel drums.

Free

Whiteware/Corrugated Iron

Can be deposited at transfer stations. This includes burnt and/or rusty iron.

Free

Aluminium

Can be deposited at transfer stations, providing it is presented without other non-aluminium material attached.

Free

Baleage Wrap

Will be accepted at transfer stations in small lifestyle quantities (less than 100 wraps) for one year, as an experimental project. Larger volumes should be collected directly from farms and will not be handled by Council. Only uncontaminated wraps will be accepted (with a small handling fee) while contaminated wraps will be charged at the commercial rate. (Instructions: Remove wrap from bale and shake to remove any loose remaining bale material. Keep wrap clear of mud and place in a sack or wood fadge. The twine or netting cannot be recycled. Please keep this separate and dispose of as refuse).

\$1/wrap

Note 1 - Unless specified differently in this document, all fees and charges include Goods and Services Tax (GST).

Note 2 - Where a set charge or fee is inadequate to recover the cost of the service or is not otherwise specified, a charge may be made to recover the actual and reasonable cost of the service.
