

OWHANGO PUBLIC MEETING

To discuss public toilet project

Owhango was one of the successful locations that received government co-investment funding for a public toilet under the Regional mid-sized Tourism Facilities Grant Fund. Council is now in the process of moving these tourism infrastructure projects forward. While the toilet projects are of modular design they can be stylised to best fit their location. Local communities have the opportunity to influence this as well as having input into the location.

In conjunction with the Owhango Residents and Ratepayers Association (ORRIS) Council is holding a public meeting to discuss the Owhango public toilet project.

Owhango Public Toilet Meeting

Tuesday 25 July - 6.00pm

Owhango Hall

Any queries please call Rebecca Van Orden at Council on 07 895 8188.
