

CORRIDOR ACCESS REQUEST (CAR) MEETING

FRIDAY 22 SEPTEMBER

11:00AM - 12:00PM

RUAPEHU DISTRICT COUNCIL CHAMBERS - TAUMARUNUI

If you are planning to carry out any work or activity that affects the normal operation of the road, footpath or berm, you must submit a Corridor Access Request (CAR) before you start. CARs ensure that all work is done safely and complies with national regulations.

Corridor access allows you to lodge your Corridor Access Request (CAR) for all non-planned excavation activities in the Road Corridor.

This includes retrospective CAR's, Events, Provisional and any other activities that require a CAR to be submitted by the relevant Road Authority. Corridor Access works in conjunction with beforeUdig and submitica to provide a total service for those working in and around the road corridor.
