

RUAPEHU CHAMBER of COMMERCE

Workshop - 7 Dec, 2-4pm, Chateau Hotel

If you own or manage a commercial enterprise in Ruapehu Mayor Don Cameron with Michael Barnett, Chief Executive of the Auckland Regional Chamber of Commerce and Industry, would welcome your participation at a special workshop to discuss the establishment of a Ruapehu Chamber to help support and inspire local business vitality and success.

Although any Ruapehu business is welcome to attend we would especially like to encourage businesses that employ five or more staff to take part in the workshop.

It is envisaged that a Ruapehu Chamber of Commerce would provide members with strategic networking and intelligence benefits while providing another strong, collective voice in support of Ruapehu issues both regionally and nationally.

Please note that Council's role in these Ruapehu Chamber of Commerce discussions are solely as a facilitator and that Council would not have an active role in the running or operation of any Chamber that is established.

Invitation to Ruapehu commercial enterprises
*especially of five or more people
