

## The Taumarunui Playground will be closed from 29 April to 8 July

The Taumarunui Playground is getting a major upgrade with installation of new multi-play equipment, a swing zone, double flying fox, natural water play area, junior play train and accessible wheelchair carousel.

The playground will be fenced off and closed for a period to allow for these upgrade works to be undertaken. Best efforts will be made to have areas of the current playground, such as the climbing nets and skate ramp, which are unaffected by the works, remain open.

Thank you to the following who are contributing to the project through donations or volunteer work:

Taumarunui Lions Club  
Taumarunui MENZ Shed  
Downers  
Taumarunui Plumbing
