Roles and Responsibilities of Community Boards

Community Boards are recognised as taking local leadership, whilst Council takes leadership of District-wide matters.

Role of Community Boards

As per [Section 52 Local Government Act 2002](#) [LGA], the role of a Community Board is to:

- (a) Represent, and act as an advocate for the interests of the community; and
- (b) consider and report on all matters referred to it by the territorial authority, or any other matter of interest or concern to the community board; and
- (c) maintain an overview of services provided by the territorial authority within the community; and
- (d) prepare an annual submission to the territorial authority for expenditure within the community; and
- (e) communicate with community organisations and special interest groups within the community; and
- (f) undertake any other responsibilities that are delegated to it by the territorial authority.

Responsibilities Delegated to the Community Board by Council: June 2022

In conjunction with Council Staff:

- (a) Co-ordinating rural reserves and hall committees;
- (b) Input into the development of Council's Long Term Plan;
- (c) Approved budget for the following activities in the area:
 - (i) Footpaths programme;
 - (ii) Parks and Reserves discretionary spend; and
 - (iii) Public information signage.
- (d) To approve:
 - (i) Temporary road closures for events (subject to administrative imperatives);
 - (ii) Street names;
 - (iii) Parades, collections and special uses of the roads;
 - (iv) Changes to speed restrictions on local roads (subject to NZTA rules);and
 - (v) Road closures.

Leadership and Decision Making:

- (a) Community Boards should be the natural first place for the Community to turn to.
- (b) Community Boards will be recognised as taking local leadership whilst Council takes leadership of District-wide matters;
- (c) That Community Boards are set up for success to assume leadership within their communities;
- (d) That Bylaws have the correct level of local input and (without conflict) are able to reflect local needs and wishes;
- (e) That disposals of assets have the correct level of local input, and are able to reflect local needs and wishes;
- (f) That community funding outside of policy criteria (unless legislation requires otherwise) sit with the Community Boards;
- (g) That new plantings – parks and reserves - (and not just removals) be approved by Community Boards in conjunction with council officers;
- (h) That Community Boards be informed of new liquor and gambling licences;
- (i) That Community Boards are fully informed on events in their area, and event organisers are encouraged to engage with the Community Board at the earliest opportunity;
- (j) That Community Board Chairs have a great role in the local community and are officially involved in important events in their Community Board area;
- (k) That the Chair (or representative) of Community Boards may be present at Council meetings, and have speaking rights during deputations, for items that have an affect or an importance for that Community Board area; and
- (l) That Community Board Members be invited to all Council workshops. Note: the only exception to this is where the Workshop Chair considers the topic should exclude them.

Relationships:

- (a) That the model going forward will be one of collaboration in decision-making in conjunction with Council officers and Council;
- (b) That Community Boards will work collaboratively with the community, council officers and Councillors, to build strong relationship and partnerships, and make decisions in conjunction with staff expertise;
- (c) That the Chair of Community Boards may be present at Council meetings, and have speaking rights during deputations, for items that have an affect or an importance for that Community Board area;
- (d) That Community Boards have a strong role in representing and advocating for their communities on current issues;
- (e) That the Mayor consults with Community Boards on the Councillor appointed to the Community Board; and
- (f) That the key principle for Community Boards is to respond locally and cooperatively with Iwi, Council officers, Council, and community groups to find solutions.

Planning:

- (a) That the primary role will be place-making and the wellbeing of communities;
- (b) That the purpose of the future Community Boards will be to deliver on prioritised Community Plans (in what ever form they take); and
- (c) That Community Boards will work on local plans (that input into Annual / Long Term Plan budgets and District Plans) with communities to agree and prioritise needs and future actions.

Support:

- (a) That Council has a continuous process for improvements in the delivery of reports and provision of information to Community Boards, and that the process is supported with the right resources, including IT resources;
- (b) That budgets align with the responsibilities. Budgets and funding for delegations, aspirations, priorities, and plans would remain within the current structure of long-term planning. Council budgets at a District-wide level include allocations for Town Revitalisation (Community Plans etc.) and are reviewed each Long-Term Plan, thus allowing for a dynamic response to community plans, and prioritisation of those plans by Community Boards;
- (c) That by using the budget setting process of Council, Community Boards can prioritise their aspirations, actions and projects from their community plans, and other plans as developed. These will feed into the overall budgeting processes of Council allowing Council to make the final budget allocations within the Community Board areas for projects in each Long Term Plan year, and in Annual Plan years as necessary; and
- (d) That structures will be worked through in the next triennium.

Meeting Frequency: Eight Weekly on Thursday at 6PM, excepting the months of January and July.

PUBLIC BUSINESS | KAUPAPA O WAHO

1 Opening Karakia | Karakia Timatanga

2 Apologies (includes leave of absence notification)

3 Declarations of Interest

Members need to stand aside from decision-making when a conflict arises between their role as a Member of the Community Board and any private or other external interest they might have. This note is provided as a reminder to Members to review the matters on the agenda and assess and identify where they may have a pecuniary or other conflict of interest, or where there may be a perception of a conflict of interest.

If a member feels they do have a conflict of interest, they should publicly declare that at the start of the meeting or of the relevant item of business and refrain from participating in the discussion or voting on that item.

4 Notification of Additional Items

Matters Requiring Urgent Attention as Determined by Resolution of Waimarino-Waiouru Community Board

Pursuant to Sections 46A(7) and 46A(7A) of the Local Government Official Information and Meetings Act 1987, to receive the Chairperson's explanation that specified item(s), which do not appear on the Agenda of this meeting and/or the meeting to be held with the public excluded, will be discussed. The item(s) may be allowed onto the agenda by resolution of the Waimarino-Waiouru Community Board with an explanation as to why they cannot be delayed until a future meeting.

Minor Matters relating to the General Business of Waimarino-Waiouru Community Board

Any additions in accordance with Section 46A(7A) may be received and discussed, but no resolution, decision, or recommendation may be made in respect of the item except to refer it to a subsequent meeting of the Waimarino-Waiouru Community Board for further discussion

6 Public Forum: Temporary Suspension and Reinstatement of Standing Orders

The Community Board temporarily suspended Standing Orders to allow Members and the public to address the Board.

RESOLVED

Moved: Cr Nottage

Seconded: Member Pakai

That the Waimarino-Waiouru Community Board:

- 1 *Receives the Report **Public Forum: Temporary Suspension and Reinstatement of Standing Orders**; and*
- 2 *Pursuant to Section 27(4) Schedule 7 of the Local Government Act 2002, temporarily suspends the following Standing Orders to enable members of the Public to address Council, and members to engage in discussion in a free and frank manner:*
 - (a) *21.2 Time limits on speakers | Te tepenga wā mā ngā kaikōrero*

 - (c) *21.6 Limits on number of speakers | Ngā tepenga mō te maha o ngā kaikōrero.*

The Waimarino-Waiouru Community Board received addresses as follows:

6.1 Aubrey Instin

Mr. Aubrey Instin addressed the Community Board on the topic of drainage in Rangataua. His property has a number of easements that run through it, causing a large volume of water to run through his property and onto a neighbouring property. On occasions, the easements have resulted in vast volumes of pooling water posing a danger to young children.

Mr. Instin and his neighbour have taken personal responsibility to proactively clear their drains, however, the problem extends beyond their properties. Mr. Instin wanted to bring it to the Board's attention that work needs to be undertaken on Rangataua's drains.

Council's Executive Manager Infrastructure advised Mr. Instin that Council's Three Waters Manager has been tasked with making a site visit before a Stormwater Engineer can undertake an assessment of the area. A budget for Stormwater upgrades is available and, pending the outcome of the stormwater assessment, could be invested in Rangataua before the coming winter.

Council's Executive Manager Infrastructure advised that the best way to address urgent actions, especially if members of the public had safety concerns or worries about damage to property, is to call Council's Customer Services and make a "Request For Service" (RFS). This will trigger a contractor site visit to undertake analysis within measured and reported timeframes.

6.2 Member Hotter

Member Hotter advised he had been asked by residents to bring the state of the district's lawn mowing to the attention of the Board. Residents had spoken to Member Hotter expressing their concerns the standard of mowing has decreased since the change of contractor.

Member Henare asked if a map of the mowing programme was available.

Council's Executive Manager Infrastructure advised there had been mixed feedback on the new contractor, however, overall, it was positive. He advised there was not a specific map available. Under the levels of service set out in the contract, key 'hot spots' had been identified, for example, entrances to the district's towns and visitor areas, and he encouraged community feedback to help 'fine tune' the mowing programme. He noted that any workload increases would impact on the contract value. Councillor Nottage identified Miro Park, between Southridge Drive and Park Avenue, Ohakune as an area of interest to consider.

Member Robinson requested Council consider creating a map, detailing the concentrated hot spots, that could be published online to visually communicate the mowing programme.

RESOLVED

8 Ohakune Town Revitalisation and Streetscape Project
--

Members received a report summarising the outcomes from the Future Ohakune Project consultation weekend, 21 and 23 October 2022. These were presented along with the Streetscape Project plan. Christine Hickman and Bruce Stockwell of the Future Ohakune Project Governance Group, and Frazer Baggaley of Boffa Miskell, were in attendance to speak to the report and answer Members' questions.

The purpose of tabling the report was to provide background information to new Board Members and provide the opportunity to ask questions; to move forward with the Streetscape Project; and to provide the Board with the outcomes of the community consultation. Mr. Stockwell advised Members the Streetscape project had been prioritized over the wayfinding project due to the state of current assets.

Ms. Hickman expressed her concerns for the local tourism industry following the voluntary administration of Ruapehu Alpine Lifts, and the more recent announcement to close the Tongariro Chateau. Ms. Hickman requested the Community Board acknowledge the work of the Future Ohakune Project Governance Group and its concerns for the tourism industry, and where opportunities arise, lobby Council to bring the Ohakune Town Revitalisation project funding forward.

Council's Chief Executive advised the 2023/24 Annual Plan process was already underway, and currently Council is forecast to reach its debt limit. If Council were to bring the funding forward into the 2023/24 Financial Year, the move would cause Council to be in breach of its debt limits. He advised Ms. Hickman that there would need to be strong justification that advancing the project would not burden the community with higher rates.

RESOLVED

Moved: Cr Nottage

Seconded: Member Henare

That the Waimarino-Waiouru Community Board:

- 1 *Receives the Report **Ohakune Town Revitalisation and Streetscape project**;*
- 2 *Endorses the Streetscape Project Plan without amendments and approves the plan to be implemented; and*
- 3 *Agrees to the Wayfinder signs being actioned as budgets allow.*

9 Capital Works and Members Request for Information
--

Members were provided with an update on planned Capital Works in the Waimarino-Waiouru Ward in the 2022/23 Financial Year. Relevant officers spoke to this report and answered Members' questions.

Key Items Discussed:

- 9.1 R2: Ruapehu Road Rail Overbridge replacement. The Lines Company is due to commence work 10 February 2023. The water main has been traced, and location of the crane determined.
- 9.2 D8: Te Ara Mangawhero: The project is pending formal concession approval from the Department of Conservation.
- 9.3 R5: Waiouru Truck Parking, Rangipo Street: Officers undertook to provide members with an update on the scheduled grading to eradicate the pot holes.
- 9.4 R6: Bus Parking Mangawhero Terrace Extension and Shannon Street. Officers advised they had been onsite this week and identified a number of issues such as cars driving or parking on the grass close to social activities. There is a need to work out the infrastructure from a holistic perspective to balance space for activities, limiting traffic and ensuring public safety. Council's Executive Manager Infrastructure is keen to review the design for the bus park to ensure it is catering for expectations and undertook to provide members with the new design for the parking bay at the 30 March 2023 meeting.
- 9.5 E1: Ohakune Three Waters Modelling Works. Officers advised once the manhole surveys are completed, the output will be a report with recommendations to be included in the forward works programme.
- 9.6 C2: Raetihi Holiday Park Driveway: Officers advised they were working with the owners to complete drainage works, specifically around the building. The work has highlighted the need to look at accessibility to the shower blocks, and officers are supporting the Holiday Park to meet the required standards.
- 9.7 C3: Ohakune Drinking Fountains: Officers undertook to advised Members of the location of the fountain at the Junction in Ohakune.
- 9.8 C5: Accessible Walkways: The track is walkable. A table and bench set has been made, at no cost to Council, and is ready to be installed. Officers undertook to organise some signage to deter dogs being walked where Kiwi birds have been spotted.
- 9.9 C6: Mangawhero Walkway: Members advised the walkway needs resurfacing and presents challenges for prams and pushchairs.
- 9.10 C10: Coffee Cart Site, Raetihi: Members agreed to remove this item from the Report and asked that officers instead referred trades to the local markets.
- 9.11 D4: Raetihi Swimming Pool: Officers advised two minor leaks were to be reviewed after the season. Members requested Member Reid and Deputy Mayor Hoeta are consulted as part of the review process. Officers undertook to visit Member Reid at the Swimming Pool.
- 9.12 D5: Waiouru Playground: Members noted the community meetings at Waiouru had generated good feedback to the consultation. There were concerns if the Playground were to be located on the Army Camp, there was a risk of limited access to the wider community. Officers advised the final location of the Playground would be a community decision.

New Requests for Information:

- 9.13 Councillor Nottage requested to know when the temporary repairs to the pot holes on the Dreadnought Road, Ohakune would be permanently repaired.
- 9.14 Councillor Nottage requested details on the Council owned land parcel behind the Z Station in Waiouru where the easement for the drainage runs.
- 9.15 Member Reid requested coloured recycling stations be considered for the Ohakune and Raetihi Swimming Pools. Officers advised the bins were currently being reviewed under the Town Revitalisation project and any Request For Service (RFS) would be reviewed as part of the needs assessment.

- 9.16** Member Henare asked if there was a requirement for Disability Parking Spaces outside schools. Officers requested Members submit a Request For Service (RFS) identifying where the parks should be, in order that officers can add the include the location for future funding.

Significance and Engagement | Takenga mai

3.1 Significance

This report does not trigger the Significance Policy.

3.2 Engagement

The methods of engagement are discussed below under discussion 5.6.

Background | Tuhinga

4.1 The application was received on 17 March 2023; five weeks ahead of the event. This has just allowed enough time for the application to be processed under the Transport (Vehicular Traffic Road Closure) Regulations 1965.

4.2 Pursuant to the Transport (Vehicular Traffic Road Closure) Regulations 1965 notice is hereby given that Ruapehu District Council, for the purpose of holding the Raetihi Gutbuster, is proposing to close Seddon Street Raetihi, between Duncan and Ballance Streets on Sunday 4 April between the times of 8:30AM and 4PM.

4.3 The Traffic Management Plan has been submitted and is in the process of being approved.

Discussion | He Kōrerorero

5.1 PROPOSED ROAD CLOSURES

5.2 The proposed road closures are as follows:

- (a) Saturday 22 April 2023, 8:30AM to 4PM,
Seddon Street, Raetihi, between Duncan Street and Ballance Street.

5.3 An alternative route via Queen Street will be available to traffic.

5.4 The Regulations require a Public Notice advising of the proposed closure to be placed 42 days ahead of an event, with a two-week objection period, then a final public notice advising of the closure 28 days ahead of the event.

5.5 The application was received less than the 42 days ahead of the event due to the appointment of a new Event Organiser, therefore the criteria for Public consultation will not be met.

5.6 Accordingly, the closure will need to be processed under the Local Government Act 1974, section 342, schedule 10, which has a much shorter time frame.

5.7 The applicant has spoken to affected businesses and advertised the Event via Social Media platforms. Council understands no objections were received.

5.8 A current Public Liability Insurance certificate has been supplied. Once the Traffic Management Plan has been approved, this will complete all the requirements from Council to allow the Event to take place.

Next Actions | Ngā mahinga e whai ake nei

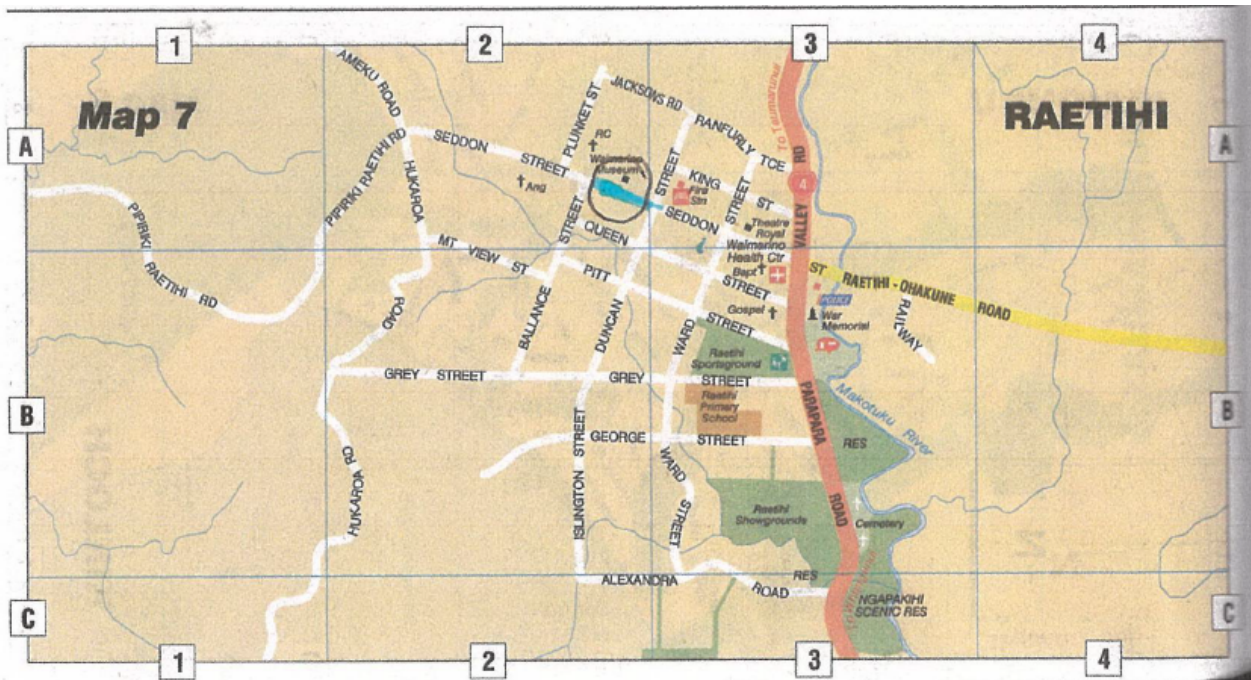

- 6.1 Final advertisement of Road Closure will be published in local papers and Social Media the week of 10 April 2023.
- 6.2 Signage will be erected on the proposed roads to advise users of the impending closure.
- 6.3 Emergency services will be notified by Council's Technical Services Co-ordinator.

3.4 ENVIRONMENTAL					
Capital Works Project / Issue	Completion Date	Status	Commentary / Actions Undertaken		Lead Officer
E1	Ohakune Three Waters Modelling Works	March 2023	Amber	Jan 2023: There have been some delays in manhole surveys to enable the last of the Stormwater modelling work to be completed. Veolia is working in conjunction with Inframax to gain access to the last of the manholes. Mar 2023: Stormwater modelling data collection has been completed awaiting Contractor's report	Stuart Watson
E2	Wastewater Treatment Plant Feasibility Study	June 2024	Amber	Funding for a feasibility study of a joint wastewater treatment plant between Ohakune and Raetihi has been allocated for GHD. Land parcel options presented to project steering group, Iwi and stakeholders. Awaiting feedback from local Iwi. Waters has earmarked funding to undertake feasibility study for vermiculture (worm farming) in the area. The final report is in draft, awaiting response from interested parties. Sept 2022 Discussing with Iwi on sludge disposal to the vermiculture plant which has been established at the WPI Pulp Mill. Jan 2023: This project has been included in the asset management plan being developed by the new Entity B.	Stuart Watson
E3	Ohakune Water Plant	June 2023	Green	May 2022: Veolia has taken site possession and civil works will begin in June. Jul 2022: Civils have started onsite and Veolia has established a site office. Jan 2023: Contractors have been on site for some months and work is progressing well for a completion date of June 2023.	Stuart Watson
E4	Waiouru Ring Main	June 2023	Red	May 2022: Downers is undertaking the work to install the ring main. Jul 2022: Inspection undertaken week commencing 18 July. Work is progressing however no completion date has been advised. Jan 2023: Ongoing discussions with NZ Defence Force around water supply in Waiouru.	Stuart Watson
E5	EV Charger	June 2023	Green	Aug 2022: Meridian has completed assessment and found that the Ohakune Carrot Park site is not suitable due to the amount of pre work required. Meridian's funding has been carried forward to 22/23 Financial year and two chargers have been allocated within the District. Discussions on sites continue. Other companies are also offering to fund EV sites within the District and the actual site will be dependent on the transformer capacity. There are currently three companies seeking to invest in EV charging facilities in the District, each with detailed requirements. Sept 2022: Report to Board tabled. Mar 2023: The Lines company have indicated that there is only one transformer with capacity in Ohakune. The transformer is on Tyne Street and TLC are still undertaking final investigations to see if this will be able to proceed	Anne-Marie Westcott

E6	Ohakune Kindergarten Drainage	June 2023	Amber	Sept 2022: Members requested if the drainage at Ohakune Kindergarten could be investigated. Officers advised they were aware of the problem which was due to overland flow from the Primary School. Officers undertook to advocate on behalf of the Kindergarten by preparing a report with Veolia that the Kindergarten could forward on to the Ministry of Education. Jan 2023: Council's Stormwater Engineer will conduct a site analysis of the Kindergarten when he is next in the area, and there is a major rain event. Due to the nature of the problem he needs to understand where the overland flow problem is so he can advise the Kindergarten of the solution.	Stuart Watson
E8	Ohakune Waste Water Treatment Plant Aerators	January 2023	Green	Jan 2023: June 2022 Council was approached about putting in a new style of Aerator (which is much more efficient). The Aerator has worked well and Council will be purchasing the Aerator that was put in as part of the project.	Stuart Watson

3.5 COMMUNITY PROPERTY & RECREATIONAL FACILITIES

Capital Works Project / Issue	Completion Date	Status	Commentary / Actions Undertaken	Lead Officer	
C1	Re-pile Ohakune Railway Station	July 2023	Amber	Sept 2022: Engineers and builders have been on site to plan the works required to ready the structural requirement for the heritage building. Jan 2023: Design was carried out, then reviewed by Council and Heritage architect, with feedback incorporated into design. Next step is to have design costed. Conversations with tenants have identified some quick wins such as sealing gaps which will improve things for them, full design solution is likely to be extremely costly and will need to be identified as a project in the LTP. Amber due to lack of budget to proceed immediately. Mar 2023: No update	Carole Colquhoun
C2	Raetihi Holiday Park Driveway	July 2023	Amber	Jan 2023: Contractor has graded driveway away to stop the water pooling, however when Council were on site the Holiday Park identified more works which need to be carried out. Hydrant works are complete but grading of the rest of the driveway, and a drainage solution for near the laundry is required. Mar 2023: No update	Carole Colquhoun
