Q5 Do you have any other feedback about Communications?

Answered: 122 Skipped: 263

#	RESPONSES	DATE
1	Review which communication platform is effective to distribute information and then reduce/eliminate the others that incur costs	8/11/2026 1:34 PM
2	More important stuff - road closures etc. [REDACTED]	8/11/2026 1:26 PM
3	as it is council are awful with this subject and can be misleading	8/11/2026 1:25 PM
4	News releases from coms person is generally well done. Consultation is poorly done. Need more where council listens but facilitates (if the can without employing consultants)	8/11/2026 1:24 PM
5	Local board - should each time they met provide 5 to 10 bullet points of what was discussed - provide a place where a full account one minute can be read. Make local boards more accountable for their area	8/11/2026 1:22 PM
6	Promote the above more as I always read about it afterwards if I manage to get a bulletin	8/11/2026 1:19 PM
7	Council could keep written communications to B/W and stop writing so much colour. Public meetings and council business should be in local paper a lot more and not just on facebook etc, use broadsheets might help	8/11/2026 1:18 PM
8	I find council has a default attitude of "no" ask how?	8/11/2026 1:14 PM
9	Use \$ wisely - this has too much colour	8/11/2026 1:13 PM
10	Documents like this don't need to be such high quality, use the cheapest possible printing for many communication that is eventually destined for the bin. Speaking of consultation: couldn't a lot of work given to outside consultants be done by your staff who seem to be very competent people, plus has the advantage of local knowledge. Or are consultants justified to cover your back in the blame game of things don't work out!	8/11/2026 1:09 PM
11	Need more contact and follow ups	8/11/2026 1:02 PM
12	Why have my rates increased approx one thousand dollars. I am a pensioner	8/11/2026 1:00 PM
13	More public meetings, organized by community leaders, with Councillors attending to provide feedback. For example, the huge meeting organised by locals when the mills closed	8/11/2026 12:33 PM
14	I don't really know what council does	8/11/2026 12:29 PM
15	for a council this size, one employee is adequate	8/11/2026 12:28 PM
16	My husband met with mayor, and was disappointed. Asking why Lakes Rd, older cemetery is like a way paddock, s*** all over graves from sheep, and leakages. No money - my husband took on renovating with no support at all from mayor. If you have family, you would be heartbroken	8/11/2026 9:33 AM
17	Need better understanding of the role of the community boards and what they do, how they fit, influence or have any role at all.	8/11/2026 9:26 AM
18	We don't use social media so I go to our library/Council office or newspaper to get informed	8/11/2026 9:25 AM
19	Council info is often lengthy and wordy so it is difficult to make it interesting to get involved. I find the resources easy to ignore	8/11/2026 9:23 AM
20	Residents need to feel they are being heard. Not the usual "nothings going to be changed" so they do not engage and we have the same people with the same biases having a say	8/11/2026 9:20 AM
21	Be more user-friendly and interactive with all the community	8/11/2026 9:19 AM
22	the people, ratepayer need to know	8/11/2026 9:18 AM
23	With an ageing population many social media platforms are beyond the grasp or want of many - keep paper options and the good old ruapehu bulletin	8/11/2026 9:07 AM
24	Communication is poor. Its hard to get a hold only people that work there ; they dont reply to emails or phone calls.	8/7/2026 10:18 PM

Communications

25	More diverse opportunities to attend consultation meetings and discussions as they arise for different decisions - the locations are fine ie taumarunui/ohakune/raetihi. But hold more meetings at different times so we all have opportunity to attend	8/7/2026 8:27 PM
26	Streamline your jobs, cut out the extra waste	8/7/2026 5:03 PM
27	Timely communications is key, how do you involve the future generations more, what would the youth council comms look like? How do we see more of the youth council and their mahi.	8/7/2026 2:42 PM
28	A regular Council Corner in the local newspapers where positives are highlighted as well as opportunities for engagement, meetings etc.	8/7/2026 8:12 AM
29	There is one person in particular that let's everyone know about stuff the council does not put out there for the public to have their say. This person is the the reason we are all doing the surveys and having our say. I say lucky we have this person because Communication is not good! And when putting polls and surveys out there should be done like a month before not just a couple weeks..	8/7/2026 7:07 AM
30	Your communications around Civil Defence/Weather Warnings etc. on Facebook are great! I would like to see more communications on Instagram.	8/6/2026 8:14 PM
31	[REDACTED] More younger people and more iwi/happy collaboration would be amazing to see.	8/6/2026 7:51 PM
32	It needs to be more about whats happening around our district, the good and the bad. less about mayoral opinions	8/6/2026 3:58 PM
33	Could do a community email to rate-payers	8/6/2026 11:53 AM
34	Too wordy - get back to basics. [REDACTED]	8/6/2026 10:00 AM
35	It's a hard job you guys took on	8/5/2026 5:13 PM
36	Use the local paper more please. Not everyone is on Facebook.	8/5/2026 10:28 AM
37	Be clear precisely truthful and honest.	8/5/2026 8:23 AM
38	Communication would be great, advertising and promorion iw not something a council should be doing, looking after locals and rate payers and our children is your focus and we should have a say you shouldnt be making decisions without involving us and iwi shouldnt be running our council we should be.	8/5/2026 8:22 AM
39	No, the Facebook keeps the information turn over high which is good	8/4/2026 6:52 PM
40	The council Facebook page is excellent - the range and breadth of info is perfect.	8/4/2026 6:23 PM
41	I receive emails. I have not seen the other forms of communication. Therefore, I cannot comment.	8/4/2026 10:13 AM
42	Talk real to the people, face to face availability. More engaging with communities and groups	8/3/2026 9:03 PM
43	Council needs to improve communication not just share random posts on social media expecting people to see it	8/3/2026 8:07 PM
44	Nah	8/3/2026 7:59 PM
45	Paper based is a waste, outside of exorbitant rates and very little to show for it in my area I dont know what they do.	8/3/2026 7:33 PM
46	NA	8/3/2026 3:31 PM
47	I like this method of digital communication and ability to feedback	8/3/2026 2:08 PM
48	RDC does remarkably well given the low budget for communication.	8/3/2026 11:48 AM
49	Communications is a field for large, wasteful bureaucratic expansion. Just because a comparable district has a large comms staff it doesn't necessarily mean better bang for the buck. (the PM has a platoon of them!)	8/3/2026 11:47 AM
50	For people who don't use apps or technology their needs to be more done to hear their voice. A few years ago a shop was in the main street for a month where you got to go and have a look and have your say. That would be more powerful and encompass more people within the community. Unless you follow Council stuff how would you know when there are new communications, consultations etc. The council website is so hard to use. I don't do	8/3/2026 10:19 AM

Communications

social media. What is the Antenno app, never see any council media releases, or community engagement other than this one that came to my email.

51	not printable	8/2/2026 9:29 PM
52	Focus on providing core services to ratepayers. Doing the basics well. Current communication seems to be that RDC want to withdraw some core services but i think that is unacceptable. Councils job is to deliver to ratepayers.	8/2/2026 6:32 PM
53	Im not informed enough to make a fair judgment of the level of engagement council has conducted. I guess if you ask the sole person employed if that person regularly does overtime to keep up demands for Council communication, than that would answer the question if more support is needed.	8/2/2026 2:09 PM
54	Stop employing more staff in the council and make them work harder. Use your existing staff to provide the communication	8/2/2026 1:21 PM
55	How do we get informed about what's going on? Do get some information, but feel that we need to get more.	8/2/2026 11:58 AM
56	Using AI posters nowadays is wild. I'd say across the region our council has the poorest social media and comms presence. Time to get up with the play. The old school approach that officers use nowadays needs to go. Get up with the play Ruapehu. We are lagging.	8/2/2026 12:21 AM
57	It is my impression that the council engagement is exercised as an obligatory requirement and engagement requirements are never truely considered. The outcome is pre-determined and consultation is little more than a check-box exercise. [REDACTED]	8/1/2026 10:59 PM
58	Council has already made decisions and dont listen to the rate payers	8/1/2026 7:18 PM
59	I think everyone relies to much on Facebook and emails to communicate with people. A lot gets missed because we have stopped the good old letterbox drop.	8/1/2026 6:40 PM
60	A central website for all the amalgamated councils to post their notices, so those interested can read them.	8/1/2026 12:10 PM
61	Having live meetings is useless as you can't hear anything clearly	8/1/2026 8:30 AM
62	No	8/1/2026 7:35 AM
63	[REDACTED] The recent rate rise shows how disconnected the RDC and elected members are from the community. People can't afford to pay rates, you know this yet you keep putting the rates up ? [REDACTED]	8/1/2026 7:09 AM
64	How about also supporting local businesses, there are 2 design and print businesses in the region. Use them rather than employing a staff member with those specific skills	7/31/2026 8:14 PM
65	Stop using generative ai for council comms. Communication is inconsistent - some input opportunities are repeatedly advertised and others appear 'sneaky' by only advertising once closed.	7/31/2026 8:01 PM
66	The communications would benefit from being clearer, shorter, and easier for people to read. Upcoming meetings or community events should be shared more often on social media so everyone can see them and pass the information on to the community groups they're part of. There should also be less AI imagery	7/31/2026 6:40 PM
67	This specific online consultation is much better than paper /stationery based or physical meeting based (in physical presentation community engagement, only a small number of "vocal people" end-up pushing agenda of their preferences. Online discreet consultation provide everyone an equal opportunity to express.	7/31/2026 5:10 PM
68	I don't see much communication from council. Only in the rates bill.	7/31/2026 4:58 PM
69	This website is difficult to follow when it comes to meeting dates/ times and minutes	7/31/2026 4:48 PM
70	Too much nice to have stuff and not enough about important matters, such as road closures etc	7/31/2026 4:35 PM
71	Typically council staff will tick the box, ask for advice then do what it wants to do anyway. It only pretends to listen.	7/31/2026 1:02 PM
72	Communications can always be improved but given Council's size, etc. is it worth paying more in rates to do so? Probably not - if people want to know what's going on and have their	7/31/2026 10:49 AM

Communications

	say on something it's all available and can be done	
73	Important	7/31/2026 10:17 AM
74	For the size of the Council investment is about right. Could improve readability of some documents. Use consistent plain English. Stop cutting and pasting Asset Management Plan content.	7/31/2026 8:52 AM
75	even this survey has spelling errors [adequatley]. Keen to see the level improve	7/30/2026 8:54 PM
76	I put a complaint in to the RDC about a dog attack on my wife in my own driveway when she was trying to enter our house at [REDACTED] Ohakune No response from the council designated phone for such an incident No response for 5 days Finally was contacted after I contacted RDC Filled in the paperwork then no reply or follow up about this incident Disgusting service to say the least	7/30/2026 8:25 PM
77	Communications seem to be living the 1970s rather than celebrating modern technologies. Eg we should not get a Google alert a press release has been uploaded to Scoop before it may or may not be uploaded to the RDC website. It usually never makes it to the FB page. Public hui notification are horrendous and hui scheduling seems to lack in taking into account the weekly newspaper cycles. Don't start me on the soclals were out of town news organisations seem to know more about our crisis' than we ever get told	7/30/2026 5:37 PM
78	Like the online interaction and some councillors have clarified RDC information very well. Keep those links alive	7/30/2026 5:18 PM
79	Not enough public communication and listening to what the people want	7/30/2026 4:56 PM
80	Apart from occasional Facebook posts and newspaper items I see very little communication coming from council. The actions of council seem really to be happening in a vacuum with a lot of decisions and actions taken with little consultation.	7/30/2026 1:02 PM
81	Outsource content creation and save on expensive software licensing. Charge invoiced costs to activities and make those who cause cost be accountable. Minimally compliant publications. Buck the law, be open about it and take the criticism. Drop the pretention about being professional. Allocate spare communications manager's time to support another service.	7/30/2026 12:45 PM
82	RDC doesn't give a lot of the why in decisions nor does it expand on issues it broadcasts	7/30/2026 1:37 AM
83	I enjoy the Facebook posts. I believe you should turn off comments for all. Publications look nicely professional.	7/29/2026 6:30 PM
84	Coloured, glossy multi page documents are an unnecessary cost. If hard copy is required keep it simple and basic.	7/29/2026 6:29 PM
85	Councils surveys are generally loaded to pre approve decisions already made	7/29/2026 4:43 PM
86	If you can cut cost here - cut it.	7/29/2026 7:51 AM
87	How do we get a response from ratepayers when Council provides the opportunity to feed back? Council often reports a low response to these surveys.	7/28/2026 9:13 PM
88	Although I don't take up the opportunity to provide my thoughts or submissions, I am aware of the offer.	7/28/2026 8:40 PM
89	Comms is both understaffed and under-resourced. Councillors should play a much greater role in communicating with our communities.	7/28/2026 11:42 AM
90	Comms are often riddled with spelling, grammatical and factual errors, it appears that there is minimal proofing of comms before publication. There is a spelling mistake in this survey. This does not help Council look professional and competent.	7/28/2026 8:20 AM
91	This is a key area where things can be cut back and simplified. How useful is the social media? Could everything just be on a skeleton website?	7/27/2026 9:43 PM
92	Communicate to all levels of the genre. Videos are a good form to give the audience the message without having to read long passages of information.	7/27/2026 9:16 PM
93	Glossy colorful brochures are not need to provide the information people need. Graphs confuse many people. KISS Keep It Simple Stupid	7/27/2026 4:25 PM
94	Make as much use of free platforms like face book. Ensure the people who don't have internet access still get information such as flyers on community notice boards, each councillor can be responsible to see that his or her area are covered.	7/27/2026 4:24 PM

Communications

95	Too much on the re-use shop and not enough about important matters	7/27/2026 10:24 AM
96	What about people who work full time and cant attend meetings. Go to places....THS....talk to youth face to face in their comfort zone.	7/26/2026 6:16 AM
97	The style - simple short messages more often across all activities not just pet ones	7/25/2026 6:12 AM
98	Informing the community, and updating us in a timely manner needs a lot more improvement	7/24/2026 2:59 PM
99	If we choose not communicate it's not the councils fault	7/24/2026 2:52 PM
100	Communication is a 2 way activity. I feel RDC does its part well, the public need to take responsibility for their part or lack of.	7/24/2026 11:55 AM
101	The App works very well for general communications. Communication around decisions the council makes - that lacks. We don't need to read novels written by councillors , we want to hear it from the Mayor and a positive message will go a long way.	7/24/2026 10:57 AM
102	Too much nice to have stuff in paper and FB, yet important information not easy to find. So much about library programs, stuff at the dump shop and buggar all about the core council functions.	7/24/2026 5:39 AM
103	So much about what's going on at the Taumarunui Reuse Shop, yet nothing about some other important events....I wonder why!	7/23/2026 8:13 PM
104	Very poor, very little around amalgamation compared to other councils	7/23/2026 6:49 PM
105	No thanks	7/23/2026 5:36 PM
106	You do have to make quite an effort to keep up with what Council is doing and with meetings on line it's hard to hear everything (or much at all actually). You could put out what each meeting will discuss on Facebook or something in advance. In Agenda order ...	7/23/2026 3:38 PM
107	There does not appear to be any follow-up from requests other than generic acknowledgement of receipt; no updates on progress or lack thereof either.	7/23/2026 2:34 PM
108	Putting rates up 9% is ridiculous. You need to get our rates down. Its hard enough out here as it is.	7/23/2026 2:05 PM
109	You should have more than one communication personnel. Are you using contractors. Backup by a second person ?	7/23/2026 1:06 PM
110	Maybe start with the basics and ensure whomever is making these forms can spell - questions 2 and 3.	7/23/2026 12:00 PM
111	No	7/23/2026 11:34 AM
112	Our rates are too high.Rubish dump isn't free even though there are no jobs.water is poisonous. Should all go on tanks and drop rates lower..	7/23/2026 9:34 AM
113		7/22/2026 6:51 PM
114	Yes. Last year I phoned every councillor in regard to maintenance in my area. Not one of them answered their phone or responded to the messages I left.	7/22/2026 5:09 PM
115	Questions that need to be more refined about what it or how the council delivers information is required. Compared to Auckland I say it is minimal and lacks enthusiasm from the council.	7/22/2026 2:33 PM
116	It often feels public consultation opportunities are strategically held at a time where most ratepayers are not available	7/22/2026 2:03 PM
117	Local council staff are amazing, great comms, such an asset to the community	7/22/2026 1:16 PM
118	Does not need a dedicated staff member - can be divided between IT, Exec Assistants and Management	7/22/2026 12:34 PM
119	They never advertise when things have ended, like boil water notices for example or roading updates when all done	7/22/2026 12:33 PM
120	It's difficult in a rural area, but I think it would be beneficial to visit local supermarkets and other popular community events, such as the A&P Shows, Carrot Carnival, and similar gatherings, to seek feedback on consultations and Long-Term Plans (LTPs). At the Whanganui Markets, Horizons Regional Council has a booth where they interact directly with the public, and I thought that was a brilliant initiative. They are making an effort to put themselves out there and engage with the community. I believe it would be wise for RDC to increase its presence within the community. At times, it feels as though too much reliance	7/22/2026 10:47 AM

Communications

is placed on the public using social media, reading local newspapers, or visiting RDC offices to have their say. I believe RDC could gain valuable feedback by having a presence at the two local New World supermarkets at least once a month, alternating locations and spending a couple of hours there alongside local Community Board members or elected representatives. This would allow RDC to hear from a much broader cross-section of the community, rather than the small number of people who currently engage through the existing channels.

121	Typo above I spelling of adequately. Not a good look in a survey about communications.	7/22/2026 9:50 AM
122	One person is enough but they need to do a better job. I think everything needs to be emailed. Mailchimp?! Things are easily missed on social media. Also please stop using AI!	7/22/2026 9:34 AM

Q5 Do you have any other feedback about Communications?
