Application
Deposit Fee: Please see Fees and Charge

Application No:

I, apply for a change / cancellation of a
condition of a resource consent.

My application relates to the following resource consent (*briefly describe the type and location of the resource consent*):

.....

.....

My application relates to the following specific condition(s) of the resource consent:

.....

.....

.....

.....

.....

.....

.....

.....

The proposed change is as follows:

.....

.....

.....

.....

.....

.....

.....

.....

I attach, in accordance with the Forth Schedule of the Resource Management Act 1991, an assessment of environmental effects in the detail that corresponds with the scale and significance of the effects that a change to, or cancellation of, the activity may have on the environment.

I attach any information required to be included in this application by the District Plan, the Regional Plan, the Resource Management Act 1991, or any regulations made under the Act. *(Please list all documents you are attaching.)*

Note to Applicant:

You must pay the charge payable of \$610.00 to the consent authority for the application to change or cancel a condition of a resource consent under the Resource Management Act 1991. This charge may be amended from time to time by resolution of Council.

Charges set in accordance with Section 36(1)(c) of the Resource Management Act 1991 shall be paid to the consent authority, for the carrying out of its functions in relation to the administration, monitoring and supervision of the resource consent and for the carrying out of its functions under Section 35 of the Act.

Fourth Schedule

s 88(6)(b)

Assessment of Effects on the Environment

- 1 Matters that should be included in an assessment of effects on the environment –
Subject to the provisions of any policy statement or plan, an assessment of effects on the environment for the purposes of section 88(6)(b) should include –
 - (a) A description of the proposal:
 - (b) Where it is likely that an activity will result in any significant adverse affect on the environment, a description of any possible alternative locations or methods for undertaking the activity:
 - (c) Repealed, as from 7 July 1993, by s 225 Resource Management Amendment Act 1993 (1993 No. 65).
 - (d) An assessment of the actual or potential effect on the environment of the proposed activity:
 - (e) Where the activity includes the use of hazardous substances and installations, an assessment of any risks to the environment which are likely to arise from such use:
 - (f) Where the activity includes the discharge of any contaminant, a description of -
 - i The nature of the discharge and the sensitivity of the proposed receiving environment to adverse effects; and
 - ii Any possible alternative methods of discharge, including discharge into any other receiving environment:
 - (g) A description of the mitigation measures (safeguards and contingency plans where relevant) to be undertaken to help prevent or reduce the actual or potential effect:
 - (h) An identification of those persons interested in or affected by the proposal, the consultation undertaken and any response to the views of those consulted:
 - (i) Where the scale or significance of the activity's effects are such that monitoring is required, a description of how, once the proposal is approved, effects will be monitored and by whom.
- 2 Matters that should be considered when preparing an assessment of effects on the environment –
Subject to the provisions of any policy statement or plan, any person preparing an assessment of the effects on the environment should consider the following matters:
 - (a) Any effects on those in the neighbourhood and, where relevant, the wider community including any socio-economic and cultural effects:
 - (b) Any physical effects on the locality, including any landscape and visual effects:
 - (c) Any effects on ecosystems, including effects on plants or animals and any physical disturbances of habitats in the vicinity:
 - (d) Any effect on natural and physical resources having aesthetic, recreational, scientific, historical, spiritual, or cultural, or other special value for present or future generations:
 - (e) Any discharge of contaminants into the environment, including any unreasonable emission of noise and options for the treatment and disposal of contaminants:
 - (f) Any risk to the neighbourhood, the wider community, or the environment through natural hazards or the use of hazardous substances or hazardous installations.
