DECISION OF THE RUAPEHU DISTRICT LICENSING COMMITTEE

1. Application

On the 7 March 2024, **National Park Hotel 2023 Ltd** on the prescribed form made application for renewal of an On-licence. This is the first renewal application by the current licensee although the premise has been licensed since at least 2009.

The application for renewal of On-licence is in relation to the premises known as '*National Park Hotel*' situated at 61 Carroll Street, National Park.

The general nature of the business is that of a 'Tavern Style On-licence'. The renewal application seeks to renew with the same conditions as currently enjoyed. The premise has not come to the notice of authorities in an adverse manner during

the renewal period. The Inspector in her report comments – *“There are no issues of note held on Council’s records during the premises first year of operation and the applicant has been communicative and co-operative throughout this period.”*

The complete file included –

- The application
- Fire evacuation compliance statement
- Host Responsibility Plan
- Food/Drinks list
- Floor plan
- Photo’s
- Copy of draft public notice and public display
- Existing Licence
- Reports from Police, Medical Officer of Health and Inspector

2. Decision Making

In considering this application for On-Licence the licensing committee had regard to the criteria under section 131 and 105 of the Act. Section 105 assessments were made using the inspector’s full report and own assessment. I accept the inspector’s assessment and recommendations.

Key matters raised in complete file including the inspector’s report were –

- No public objections received.
- The applicant is a private company who has a sole director/shareholder.
- The applicant has operated this licence for the past year and has named four managers for the licence which is viewed as suitable. The premises has a ‘medium’ risk rating.
- The premise has not come to the notice of authorities in an adverse manner during the renewal period.
- The applicant provided a host responsibility plan that if followed should ensure the object of the act is met.
- The applicant appears to have appropriate systems, staff and training to comply with the law.
- There were no reports questioning suitability and neither do I.

- The existing trading hours that are sought to be renewed are:

Monday to Sunday, between 2.00pm and 2.00am the following day.

These hours fall within the default national maximum trading hours allowable. The applicant has operated within the existing hours without any apparent issue.

- The floor plan date stamped 22 December 2022, shows the licensed footprint which is open plan and can be viewed from the main bar. The entire licensed area is designated 'restricted'
- No CPTED or amenity or good order issues raised with renewal. There is no reason to believe the amenity and good order of the locality would likely to be increased, more than a minor extent, by the effects of a refusal to renew the licence.
- The Inspector reports that a review of the supporting information demonstrates that the applicant has appropriate systems, staff and training to meet the requirements of the Act and the Ruapehu LAP.
- The application accords with the Ruapehu LAP.

3 Reporting Agencies

The following reports were received under section 103 of the Act and taken into account during the decision.

3.1 Police – Report received on 12 March 2024, of no opposition.

3.2 Medical Officer of Health – Report received on 3 April 2024, of no opposition.

3.3 Licensing Inspector – Full report dated 23 April 2024. The inspector has no opposition to the application and assessed the application against s. 105 matters with no matters of opposition raised. The inspector concludes that the application is complete and supports renewal of the licence with suggested conditions.
